

Can You Survive?

Beatrice the Builder Bee was talking to Gloria the Globe Mallow Bee about living in the Sonoran Desert. Beatrice said she is very independent and can survive without help from other organisms. Gloria said that even though she lives on her own, she depends on other organisms to survive.

Who do you agree with and why?
Create an argument to support Beatrice or Gloria's statement and include evidence from your scavenger hunt around the school and/or previous discussions we have had to support your argument.
